Gabriel Bello

Hardware Technician at BC Tech For Learning Society
Burnaby, British Columbia, Canada

Summary

Hi I'm Gab, a Computer Science student at the Simon Fraser University.

I enjoy everything I put my time into which includes but not limited to: playing soccer, competing in professional E-Sports events, skating, outdoors activities, and of course, software development!

I am currently interning as a Hardware Technician @ BC-Tech For Learning while putting time aside to learn AI Machine Learning as I have found an interest in this topic as of recent :D

Experience

BC Technology for Learning Society

Hardware Technician

September 2025 - Present (2 months)

Burnaby, British Columbia, Canada

- Troubleshoot, repaired, and tested over 200 donated devices monthly, achieving a 98% functionality rate.
- Managed the refurbishment and quality control process for 150+ outgoing computers, ensuring 100% compliance with quality standards.
- Refurbished and cleaned 100+ computers, laptops, printers, servers, and LCDs weekly, ensuring optimal functionality and extending device lifespan.

Indigo

Operations

May 2022 - Present (3 years 6 months)

Burnaby, British Columbia, Canada

- Conduct inventory cycle counts, replenish stock, manage product returns, and process incoming store orders, ensuring accurate inventory levels and efficient handling of over 2,500+ units per week.

- Assist with on-boarding and training employees on internal IT systems, ensuring smooth adoption of digital tools and compliance with company procedures

Twitch

Social Media Manager

January 2021 - April 2022 (1 year 4 months)

Burnaby, British Columbia, Canada

- Reviewed and analyzed data to enhance channel traction, achieving engagement increases ranging from 86% to 267% by collecting data samples from different days, analyzing viewership algorithms, and tracking trends using detailed notes and spreadsheets to optimize content and increase audience engagement.
- Facilitated collaboration between different media brands, companies, and channels, and supported the process of securing sponsorship and organizing events.
- Conducted one-on-one meetings with 20+ clients to address concerns and provide personalized support.

Places Des Arts

IT Systems Administrator

May 2019 - July 2021 (2 years 3 months)

Coquitlam, British Columbia, Canada

- Managed and maintained IT systems, including user accounts, software updates, and troubleshooting hardware/software issues to ensure seamless operations.
- Ensured data integrity and accuracy by conducting data-entry of client records and cross-reference with attendance logs.

Education

Simon Fraser University

· (2020 - 2025)

Burnaby South Secondary School

High School Diploma · (September 2015 - June 2020)
